

USE IT. FOLD IT. STORE IT.

After the work is done, the Fold-Up Utility Trailer from Lifetime Products really begins to show its true colors. With a revolutionary folding design, the Lifetime Fold-Up Utility Trailer folds-in-half in under 90 seconds and moves easily, making it the work trailer anyone can use and store. Now you will never have to store your trailer outside, exposed to the elements. After you're finished with your hard day's work, fold the trailer up and put it in its place. The Fold-Up Utility Trailer folds to a manageable 29" wide, the perfect size for the back corner of the garage or in the backyard.
